Enhanced Affidavit

3-28-2015

2:16 PM

I, Inmate, Andres Cano, Cortez was involved in an incident with officers on the date 3-4-12-2015 at 5:28 hours. I was falsely accused of not taking down and inciting a riot. Due to false allegations I was placed in handcuffs, slammed to the concrete floor ~~on~~<sup>face</sup> down while in cuffs. Also torzied on my left shoulder while force down on the ground in cuffs. I did not resist nor did I put up any type of fight to make the officer to believe I was resisting. Officers involved this unnecessary force was Officer Timbs, Officer Colombo (Teasing officer) Officer Galante (The Appending officer) and Officer Burns. Sgt. Taylor was also present.

On this said date at the exact time of 1928 hours a fight broke out in ~~cor~~<sup>don</sup> B Pad and Donm A8 between Attorney Fields and Officer Cromer on the top tier of the donm. ~~It~~ Top tier was out on rotation when this all occurred. After Mr. Fields was ~~in cuffs~~ Appended we was asked to lockdown. Since the incident happened on the top tier we seen every thing that happen from our rooms because the gates was left open. Mostly all the inmates witness the officer being way to aggressive with Inmate Fields. We was yelling stop let him go your hurting him because he was already in cuffs and they was rough housing him. One of the officers pointed me out and yelled cuff him cause he personally heard me saying stop your hurting him. Officer Galante came to my room asked me to face the wall and put my hands behind my back. ~~I kept~~ I put my hands behind my back and was asking the officer why was I being cuffed. I also told him that cuffing me because I seen and spoke on the roughness of inmate Fields. After being cuffed and escorted out my cell I asked again "what rules I break? What am I being arrested?" I looked back at the officer hoping to get a response. When I looked back Officer Galante grabbed the back of my neck and the front of my jacket and slammed my face down on my chest and stomach to the ground and yelled take him. Officer Colombo then came ~~and~~ and shot me in my left shoulder. ~~After the officer~~ All the while I was being cuff and torzied, I was held for about 25 to 35 seconds. I just gather out the inmate body and have officer Galante with me.

was unnecessary use of force, not in procedure of an Correctional Officer and just plain unhuman like the way I was treated. I was sent to medical and after that sent to lockdown. I was punish wrongfully, shoot with a taser, and slammed and rough housed like an animal. All this for me witnessing an incident with the Correctional Officers handling a situation wrongfully. I was apprehended and escorted out of my room so how did I fail to lockdown. I was concerned for a persons life yelling trying to get other officers to come in dorm 8 and letting them know we see this and for them to quit beating up a person. (Person being inmate Fields). How was this inciting a riot? If I was wrong for any of this than I dont want to be right. I witness this and then it turned around and it happened to me. I talked to different officers, put in for Grievances on the Kiosk machine, complained on the Kiosk machine in order to get some help with this situation. Nothing came of this. I've been complaining of chest pains, shortness of breath and constant headaches nothing came of this. I was refused Grievances form up until the date of June 29, 2015. It has been a 2 month wait for a Grievances forms after talking to multiple CO's, Sgts, and Lt's. I was refused help about this incident for 2 months, I know I'm an inmate, but this is wrong and something has to be done. I couldn't get statements from other inmates cause I was taken out Dorm 8 in Pod 2. They were the only witnesses beside the officers involved in the incident. I feel neglected, mistreated, and injured because the wrong doing of these officers. No one cared or even asked or took any statement from me or other inmates who witnessed this. I'm seeking further help with this situation on my own when there is steps to get help with this inside the facility. No one cared. I'm ~~taking~~<sup>seeking</sup> further action of this situation. I was refused Grievances this is why I'm behind on this matter. Thank You!

while Sgt. Taylor was escorting me to medical officer Colombo stated, "the only reason I tazed you was because the officer told me to," which Sgt. Taylor witnessed this comment. which lets me know there was ~~not~~ no reason to taze. The conversation is on camera between Sgt. Taylor, officer Colombo, and myself.
